Make Sure Your Dog Is Currently Vaccinated

If your dog is not currently vaccinated against rabies, have your dog vaccinated. When your dog is vaccinated be sure to ask your veterinarian to write the date the vaccination will expire on the vaccination certificate. You will need to save this certificate for future reference and send a copy of the certificate with this application form.

Rabies vaccinations are good for three (3) years for an adult dog (over 12 months of age) and one (1) year for a puppy (under 12 months of age).
